

GREENSTREET GROWERS

SPRING / SUMMER 2024

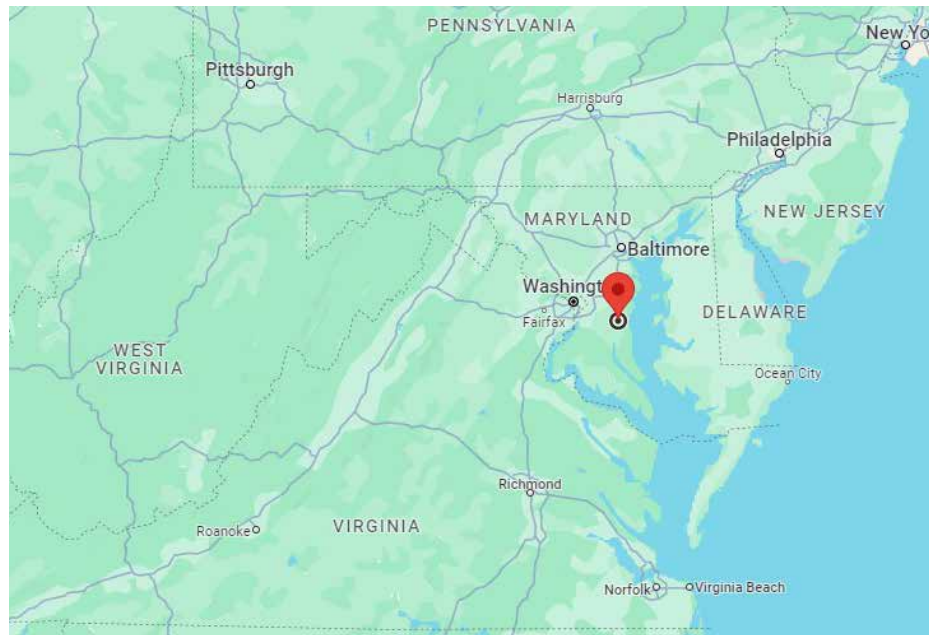

OUR FARM

The staff at Greenstreet Growers are dedicated to producing healthy, high quality plants acclimatized for the tri-state area. Our professional growing staff have more than 40 years experience growing for Greenstreet or other local growers. Given the increase of extreme weather patterns, our staff knows how to use our eco-friendly growing procedures to meet the challenges of getting your plants to peak performance.

Greenstreet plants are selected to provide the eye-catching, traffic stopping WOW factor your customers will covet in their residential properties, commercial common spaces, upscale terraces, backyards and living walls. In addition, we are available for onsite consultation before, during and after planting. We are committed to offering ideas, information and all the resources needed to maximize visual appeal and increase property value for your clients.

We at Greenstreet strive to provide you with the best quality plants available, and we continue to evolve to meet the needs of you and your clients. Please let us know if there are ways in which we can improve.

The items listed in here are the items scheduled to be available. Occasionally some varieties may not make it to transplant and others may be added last minute to fill gaps. Please contact us to check product availability.

AVAILABILITY, INQUIRIES, & ORDERS:

Please email, text or call us at the contact information below. We will respond promptly to inquiries about availability and processing orders.

CONTACT:

Transform your homes and offices this holiday season with our expert touch!

56-57 GREENWALLS

Enhance your living or working space with stunning and dramatic living plant walls that not only add beauty but also improve air quality!

**ORDER BY
MATRIX™**

Designing made easy. If you have the containers, we will send the plants and a printed design/plan to illustrate the planting.

Follow these simple steps:

1. Pick a design
2. Tell us a size - 24 in., 30 in., 36 in.
3. Decide your quantity
4. To place order:

Email: orders@greenstreetgrowers.com
 Fax to: 410.867.6130
 Phone: 410.867.9500
 Cell: 443.929.0101

RECEIVE:

- Only the plants you need for each container size.
- A detailed drawing so your installers can easily follow our design.

ALOHA BLUE

AGERATUM

Aloha Blue

Height: 6 in.
 Pot Size: 4 & 6 in.
 Spread: 6 in.
 Spacing: 12 in.

Aloha is early to flower and an excellent garden performer. The dainty, soft and feathery flowers attract pollinators. Remove spent blooms to encourage more flowers.

BEGONIAS

Bronze Leaf

Height: 6 to 8 in.
 Pot Size: 4 & 6 in.
 Spread: 10 to 12 in.
 Spacing: 10 to 12 in.

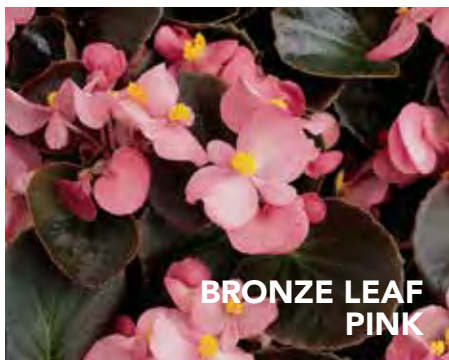

Green Leaf

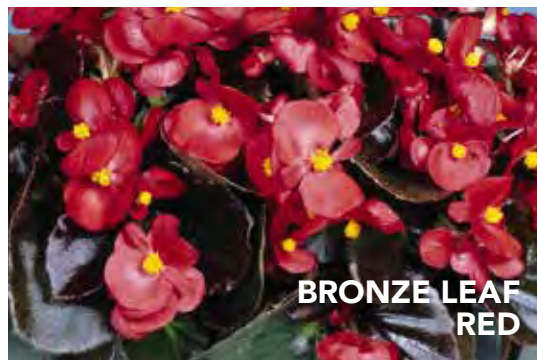

Height: 6 to 8 in.
 Pot Size: 4 & 6 in.
 Spread: 6 to 8 in.
 Spacing: 10 to 12 in.

Begonias have outstanding landscape performance with green/bronze foliage and are exceptionally uniform. Free-flowering and tolerant of both rain and heat.

GREEN LEAF ROSE

GREEN LEAF MIX

CELOSIA

First Flame

Height: 10 to 14 in
 Pot Size: 4 in.
 Spread: 10 to 16 in
 Spacing: 10 to 16 in.

Bright plumes on well-branched plants. Works well in landscapes, containers and mixed plantings.

YELLOW

FIRST FLAME MIX

ROSE

WIZARD MIX

VELVET RED

DUSTY MILLER

COLEUS

Wizard

Height: 10 to 14 in.
 Pot Size: 4 in.
 Spread: 10 to 14 in.
 Spacing: 12 in.
 Exposure: Shade, Partial Sun

Mid-sized foliage plant with upright habit is great for mixed containers or landscape features.

DUSTY MILLER

Dusty Miller

Height: 10 in.
 Pot Size: 4 & 6 in.
 Spread: 10 in.
 Spacing: 8 to 10 in.

Bushy, uniform plants have finely cut, silvery-white, velvety leaves. Good for landscapes and container plantings.

IMPATIENS

DISEASE RESISTANT

Beacon

Height: 15 - 20 in
 Pot Size: 4 in
 Spread 12 - 14 in
 Spacing: 8 - 10 in

Variety developed for high resistance to disease. Shade Tolerant and Low Maintenance - great for landscape and containers.

BRIGHT RED

FORMULA MIX

MARIGOLD

Bonanza/ Durango

Height: 10 to 12 in.
Pot Size: 4 in.
Spread: 8 to 10 in.
Spacing: 8 to 12 in.

Early flowering dwarf series performs well under a wide range of conditions. Double crested, 2 to 2.5 in. blooms.

**BONANZA
YELLOW**

**BONANZA
ORANGE**

**DURANGO
OUTBACK MIX**

Taishan

Height: 10 to 12 in.
Pot Size: 4 in.
Spread: 8 to 10 in.
Spacing: 8 to 12 in.

Landscapers will appreciate the full plants and season-long shows of high-impact color. Performance is so spectacular that the Taishan series was featured throughout the landscape at the 2008 Olympic Games in Beijing, China.

**TAISHAN
YELLOW**

**TAISHAN
ORANGE**

PETUNIA

Madness

Height: 10 to 15 in.
Pot Size: 4 in.
Spread: 10 to 12 in.
Spacing: 10 to 12 in.

This series is compact and floriferous. The very uniform plants show off many 3 in. blooms. All of the

colors put on impressive shows in containers and mass plantings throughout the summer, right up until first frost.

PORTULACA

Happy Trails

Height: 6 to 9 in.
Pot Size: 4 in.
Spread: 14 to 18 in.
Spacing: 18 in.

Great for hot, dry, and full-sun conditions. Ideal for a pop of color in a landscape and fantastic spreading in the garden.

HAPPY TRAILS MIXTURE

SALVIA

Victoria Blue

Height: 18 to 24 in
Pot Size: 4 & 6 in.
Spread: 18 in.
Spacing: 10 to 12 in.

Large spikes produce 6 - 7 inch clusters of violet blue blooms.

Vista

Height: 10 to 12 in.
Pot Size: 4 & 6 in.
Spread: 8 in.
Spacing: 10 to 12 in.

Well-branched, dark green foliage with fade-resistant spikes all season.

VICTORIA BLUE

VISTA WHITE

VISTA RED

VINCA

Cora Cascade

Height: 6 to 8 in.
Pot Size: 4 in.
Spread: 32 to 36 in.
Spacing: 10 to 12 in.

Vigorous, trailing series that will fill landscapes and baskets well. This series thrives in the heat and humidity.

CORA CASCADE MIX

VINCA

Titan

Height: 14 to 16 in.
 Pot Size: 4 & 6 in.
 Spread: 10 to 12 in.
 Spacing: 10 to 12 in.

Exceptional uniformity, superior branching and the largest blooms. Aerial Phytophthora is resistant and handles stressful conditions in landscapes. Vigorous growers in cooler climates and a good low-water variety in hot, dry conditions. They are perfect for landscapes and containers of all types.

Valiant

Height: 14 to 20 in.
 Pot Size: 4 & 6 in.
 Spread: 10 to 12 in.
 Spacing: 8 in.

A vigorous version of our extremely colorful and durable vinca series. Highly resistant to aerial pathogens.

ZINNIA

Double Zahara

Height: 16 to 20 in.

Pot Size: 4 in.

Spread: 16 to 20 in.

Spacing: 10 to 12 in.

Heat-loving series with 20% larger flowers than other leading zinnia.

Excellent choice for landscapes and once established very drought-tolerant, thriving in sunny, hot conditions.

**ZAHARA BONFIRE
MIX**

**DOUBLE ZAHARA
BRILLIANT MIX**

Zinnia Profusion Double Cherry Red

Height: 14 to 18 in

Pot Size: 4 & 6in

Spread: 20 to 24 in

Spacing: 12 to 14in

Dense bushy plants. Highly tolerant to powdery mildew. Holds up well to heat, humidity and drought.

**ZINNIA PROFUSION
DOUBLE CHERRY RED**

ANGELONIA

Angelface Super

Height: 30 to 40 in.
 Pot Size: 1G
 Spread: 12 to 18 in.
 Spacing: 12 to 14 in.

Semi-upright plants with a good branching habit, this variety has giant bright blooms and thrives in hot and humid environments.

AngelMist

Height: 4 to 10 in.
 Pot Size: 4.5 in.
 Spread: 12 to 20 in.
 Spacing: 9 to 12 in.

These low-growing, super-spreading varieties thrive in extreme heat and humidity. Great for use in baskets and combos.

Archangel

Height: 12 to 14 in.
 Pot Size: 4.5 in.
 Spread: 10 to 14 in.
 Spacing: 10 to 12 in.

Big flowers on well branched plants that hold up in the heat and humidity of summer.

SWEET POTATO VINE (IPOMOEA)

Ipomoea

Height: 4 to 8 in.
Pot Size: 4.5 in.
Spread: 24 to 36 in.
Spacing: 24 to 36 in.

An excellent and vigorous trailing enhancement for any container, basket or bed.

BLACKIE

MARGUERITE

TRI-COLOR

SEDUM

Lemon Coral

Height: 3 to 10 in.
Pot Size: 4.5 in.
Spread: 10 to 14 in.
Spacing: 8 to 12 in.

An easy care annual that flourishes in the heat and drought like environments. With spiky yellow foliage, this sedum is perfect for containers, loves the sun and has a mounding trailing habit.

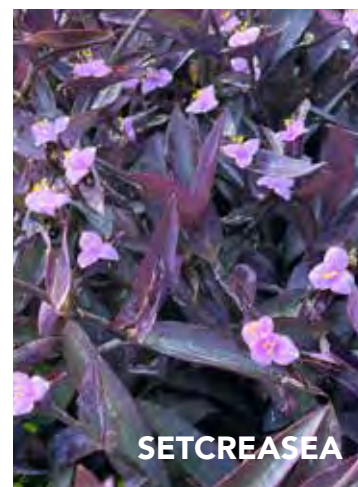

SEDUM LEMON CORAL

SETCREASEA

Setcreasea

Height: 12 to 18 in.
Pot Size: 4.5 & 6 in.
Spread: 12 in.
Spacing: 9 to 12 in.

This heat-loving trailer can be used in landscapes, containers and baskets. Its purple foliage and small pink flowers perform well in the heat of the summer into the fall. Very tough border plant.

SETCREASEA

DURANTA

DURANTA

- Duranta**
Height: 1 to 2 ft.
Pot Size: 4.5 in.
- Spread: 4 ft.
Spacing: 18 to 24 in.

A heat-loving, full-sun plant with small leaves that makes a perfect border that is non-flowering.

CREEPING JENNY

LYSIMACHIA

- Lysimachia: Creeping Jenny**
Height: 2 to 4 in.
Pot Size: 4.5 in.
- Spread: 12 to 18 in.
Spacing: 24 to 36 in.

A hardy plant that is the perfect "stepable" ground cover, which can also be used in a container or placed in a cascading wall.

PLECTRANTHUS: VARIEGATED

PLECTRANTHUS

- Plectranthus: Variegated**
Height: 8 to 10 in.
Pot Size: 4.5 in.
- Spread: 12 to 18 in.
Spacing: 12 to 16 in.

Trailing and vigorous, this white-edged foliage plant is useful in the landscape as well as combination containers and baskets.

STROBILANTHES

- Persian Shield**
Height: 18 to 24 in.
Pot Size: 4.5 in.
Spread: 24 in.
Spacing: 12 to 14 in.

Extremely vigorous with excellent heat tolerance, Persian Shield works well in mixed containers, baskets and the backdrop of a landscape.

STROBILANTHES PERSIAN SHIELD

DICHONDRA

- Dichondra**
Height: 2 to 3 in.
Pot Size: 4.5 in.
Spread: 3 to 4 ft.
Spacing: 10 to 12 in.

A silver-stemmed foliage plant that looks great in mixed containers and baskets due to its cascading habit.

The Keys to Enhance Your Landscape Investment

Ideal soil conditioning for beds, borders, vegetable gardens, herbs and annuals

POOR SOILS

NO FERTILIZER

Steps to Success

Proper Soil Amendments

- Directly Affects Plant Growth
- Proper Aeration
- Healthy Microbial Environment
 - Protects Roots
 - Enhances Fertilizer Availability
- Good Cation Exchange
 - Nutrient Holding
- Water Holding Capacities

Correct Plant Selection

- Healthy, Locally Grown
- Right Plant for Right Location
 - Sun, Shade, Size, Color, Impact

Watering Procedures

- Proper Water Applications
- No Splash and Dash
- Prevents Stunting
- Root-ground Connection
 - Improved Drought Tolerance
- Watering on a Regular Schedule
 - Enhances Plant Growth
 - Reduces Plant Stress
 - Maximize Plant Displays

Fertilization Program

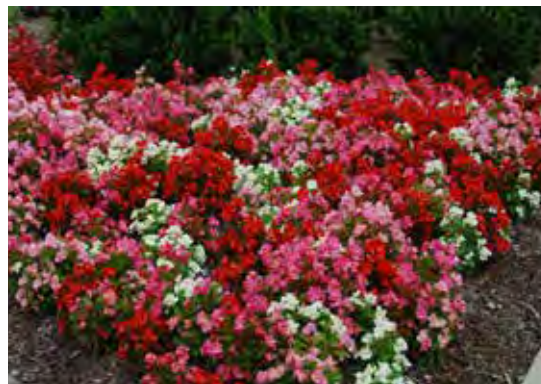

- Critical to a Successful Plant Program
- Enhances Plant Health, Growth, Display
 - Reduces Diseases and Pests
- Slow Release and/or Constant Liquid Feed
 - "Take your Daily Vitamin."
- Get the Most out of your Investment!

The Importance of Watering

Make your property “POP” with color!

Your professional contractor has all the proper tools and watering techniques to make your investment flourish.

Consistency in watering and fertilizing schedules ensures success.

Watering thoroughly drives the root systems deep into the ground. Expanded root systems result in healthier, more resilient plants!

Properly watered and maintained landscapes increase the visual impact of the property, reduce visual pollution, and ultimately enhance the environment.

Proper mulching is required to effectively retain soil moisture, reduce surface temperature, and mitigate evaporation. Over time, mulching will also improve soil quality.

A Destination for Proven Winners®

Looking for plants you can trust to create a beautiful, easy-to-maintain garden? All you have to do is look for the Proven Winners name to know you're getting the most vibrant, healthy and unique plants for your garden.

In addition to strenuous trialing for outstanding garden performance, Proven Winners goes the extra mile to ensure that you start with the healthiest plants possible. At Greenstreet Growers, we want you to remember Proven Winners as the best plants you've ever grown. Proven Winners plants have been proven in trials from coast to coast and are specially screened to ensure they are ready to thrive in your garden.

Proven Winners searches the world to bring you beautiful flowering annuals, perennials and shrubs that are:

- Easy to grow and care for
- Long blooming
- Healthy and vigorous
- Bright and colorful
- Covered in blooms
- Trialed and tested

GREENWALLS

CLEANER HEALTHIER AIR

Our Active Living Walls Let You
Breathe Easy in Your Home or Office

www.greenstreetgreenwalls.com

A BLEND OF HORTICULTURE, STYLE AND FUNCTIONALITY

Green walls — also known as living walls, green facades, bio walls or vertical gardens — are a system of plants grown on a vertical orientation.

On the cutting edge of design, green walls create a dramatic statement for both interior and exterior spaces.

EXTERIOR GREEN WALLS add an aesthetic value to your building. The eco-friendly system will also:

- Improve Exterior Air Quality
- Building Structure Protection
- Reduce Urban Heat Island Effect
- Increased Biodiversity
- Noise Reduction
- Marketing Potential
- Urban Agriculture

INTERIOR GREEN WALLS transform the look, feel and health of your indoor space. They also:

- Improve Air Quality
- Breaks Down Voc's
- Reduce Noise
- Regulate Temperature
- Save Energy
- Increase Property Value
- Qualify For Leed Credits

Remediated air exits through plant respiration
